330 Rose Avenue Apt J, Pleasanton, CA 94566 | (202) 503-8377
taylor.callsen@gmail.com | <https://taylor.callsen.me>

Adobe Certified Developer with over 9 years of full stack experience including:

- 5+ years of experience developing and maintaining Adobe Experience Manager (AEM) websites
- Building web applications using ReactJS and modern JavaScript tools/frameworks
- Developing REST APIs and systems integration logic in languages including Java, Node.js, and Python
- Configuring production web servers and domain infrastructure in AWS and on-premise environments

WORK EXPERIENCE

Lead Developer, AEM (Schafer Condon Carter) | Chicago, IL / Remote | Aug 2017 to Apr 2020

- Built AEM websites for clients using semantic HTML, JavaScript, CSS/SASS, and Java/HTL; performed basic integration with Adobe Marketing Cloud including Adobe Analytics and Target
- Modernized existing AEM codebases to incorporate latest features including Editable Templates, Sling Models and HTL templating, Adobe Core Components, and webpack-based SASS/ES6 JavaScript asset builds
- Developed Java OSGi bundles responsible for cache invalidation, REST APIs, and web form response handling
- Coached junior developers and conducted code reviews prior to check-in; managed CI/CD solution for the development team using CircleCI tool and AWS Lambda functions
- Coordinated and performed production deployments with Adobe Managed Services (external hosting vendor)

Software Engineer (Swoop Search LLC) | Madison, WI / Remote | Jan 2015 to May 2017

- Performed frontend web development in ReactJS environment with ES6 features; heavy integration with OpenLayers and Google Maps; utilized HTML5, JavaScript, and CSS/SASS in modern webpack-based workflow
- Used Java, JavaScript, and Python to integrate with various GIS datasets including flat files (e.g. XML, JSON), SQL databases (e.g. MSSQL, Postgres), and REST APIs hosted by technology partners
- Lead remote software deployment sessions into production RedHat/Linux environments

Web Developer, AEM (Deloitte Consulting LLP) | Washington, DC / Remote | July 2010 to Jan 2015

- Performed front and backend development in support of AEM with over 500 active users; worked directly with client and functional team-members to understand business needs when designing new features
- Created AEM templates and components using HTML5, CSS, and JavaScript/AJAX; utilized Java/JSP to update backend templates and display dynamic content to users
- Developed Java OSGi bundles to enforce custom workflows, create custom Sling Servlets, perform data migration tasks, and query CRX repository data using the AEM Query Builder API

AWARDS & CERTIFICATIONS

- **Adobe Certified Expert – Adobe Experience Manager (AEM) Sites Developer** – Nov 2019
- Received five performance recognition awards while employed at Deloitte Consulting LLP (July 2010 – Jan 2015)
- Graduated undergrad Cum Laude; received Outstanding Senior Award; present on Dean's List all semesters
- Studied abroad in Antwerp, Belgium; enrolled in history and business classes taught by European professors
- High School All-District Varsity Lettermen; received two Scholarly Athlete Awards
